## WHAT'S NEW?

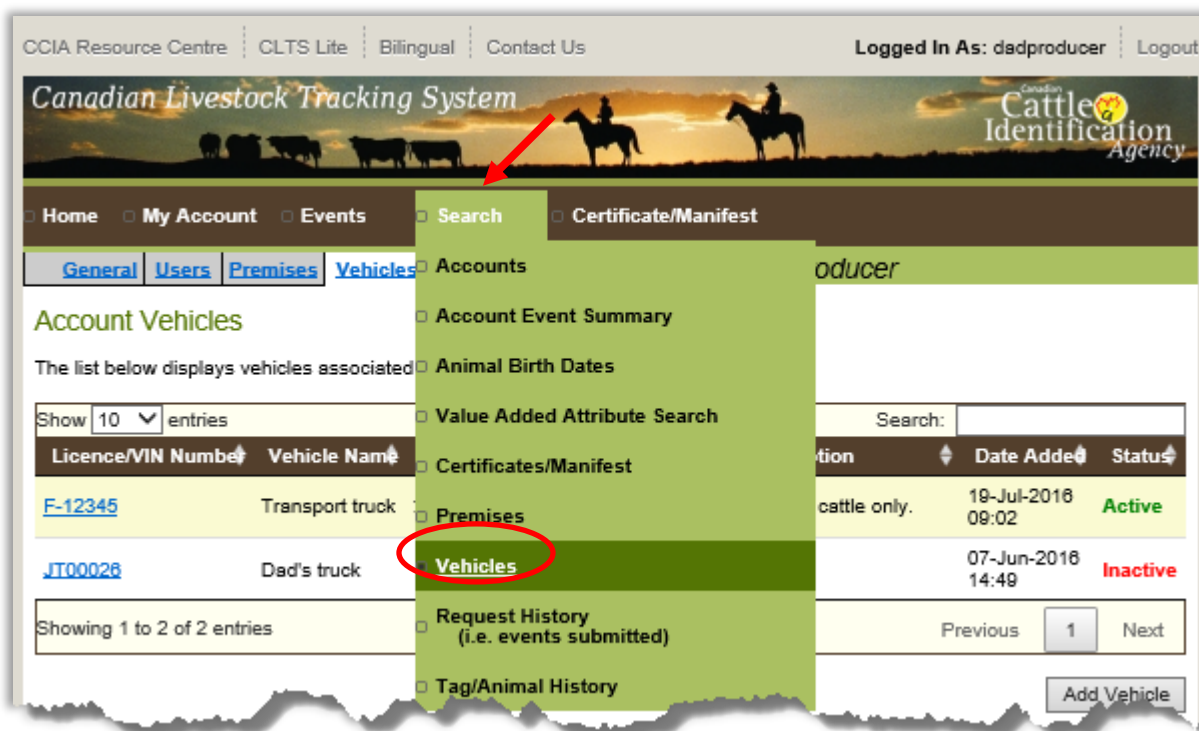

THE LATEST UPDATES FOR THE CANADIAN LIVESTOCK TRACKING SYSTEM (CLTS)

**October 20, 2016 (Cont.)**

7. The **Monitor Animal Movement** option can be activated on the Edit Premises Details screen.

The screenshot shows the 'Edit Premises Details' form for a 'Producer' account. The form includes fields for 'Short Name', 'Provincial Prem ID', 'Usage', 'Species', 'Description', and 'Status'. The 'Monitor Animal Movement' checkbox is checked, and the text next to it reads: 'select to receive email notification if this premises is being used in animal movement event'. The checkbox and its text are circled in red.

8. **Event Descriptions** have been updated to use the same language throughout.

Tag Events	
<input type="radio"/> Allocated	Used to report the assigning of approved ID numbers to tag manufacturers for the production of approved tags.
<input type="radio"/> Manufactured	Used to report allocated tag numbers that were manufactured as RFID tags, by a tag manufacturing company.
<input type="radio"/> Distributed	Used to report CCIA tag numbers sold by a tag manufacturer to a tag distributor; or tags sold from a tag distributor/tag dealer to a tag dealer.
<input type="radio"/> Issued	Used to report CCIA tag numbers sold to producers by tag manufacturers, tag distributors, or tag dealers.
<input type="radio"/> Returned	Used to report CCIA tag numbers that have been returned to a tag dealer, tag distributor, or tag manufacturer, from a producer, tag dealer, or tag distributor.
Animal Events	
<input type="radio"/> Birth Date	Used to associate an animal's birth date with its unique CCIA tag ID number. Submitting the birth date event is required to Age Verify animals.
<input type="radio"/> Cross Reference	Used to associate a newly applied RFID CCIA tag number on a previously tagged animal where the lost tag number is known.
<input type="radio"/> Replaced	Used to associate a newly applied RFID CCIA tag number on a previously tagged animal where the lost tag number is not known.
<input type="radio"/> Move In	Used to report the identification of an approved tag applied to an animal that has been received at (moved into) a defined location on a defined day. (i.e., after being received from another defined location)
<input type="radio"/> Move Out	Used to report the identification of an approved tag applied to an animal that has departed from (moved out of) a defined location on a defined day. (i.e., after being sent to another defined location)
<input type="radio"/> Sighted	Used to report the identification of an approved tag applied to an animal that has been observed at a defined location on a defined day. (e.g., livestock operation, veterinary clinic, etc.)
<input type="radio"/> Imported	Used to report the identification of an approved tag applied to an animal that has entered Canada.
<input type="radio"/> Exported	Used to report the identification of an approved tag applied to an animal that has left Canada.
<input type="radio"/> Temporary Export	Used to report the identification of an approved tag applied to an animal that is being temporarily shipped outside of Canada. Note: When animals return to Canada, submit an imported event to move the tag numbers back into your animal inventory.
<input type="radio"/> Retired	Used to report the identification of an approved tag applied to an animal that has died or was slaughtered at a processing facility.

## WHAT'S NEW?

THE LATEST UPDATES FOR THE CANADIAN LIVESTOCK TRACKING SYSTEM (CLTS)

**October 20, 2016 (Cont.)**

9. **Premises** language has been changed from Register to Add.

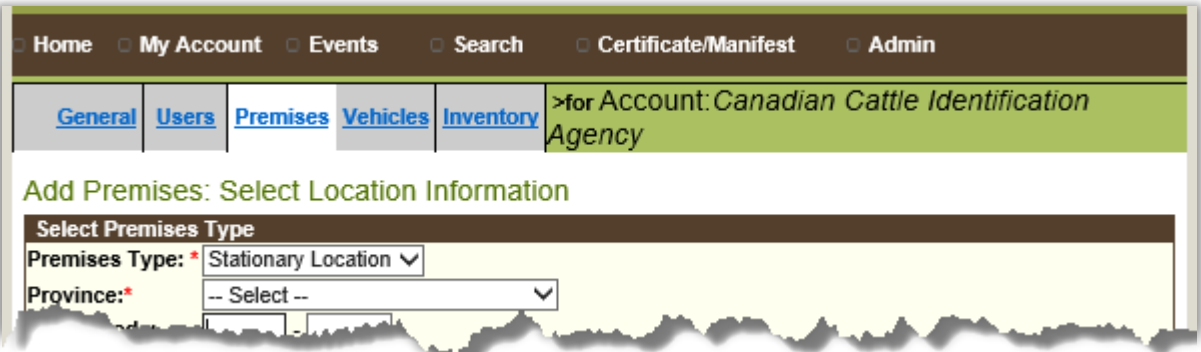

**Account Premises Screen:**

The screenshot shows the 'Account Premises' screen for the 'Canadian Cattle Identification Agency' account. The navigation menu includes Home, My Account, Events, Search, Certificate/Manifest, and Admin. The main menu has tabs for General, Users, Premises, Vehicles, and Inventory. The current view is 'Account Premises' for the account 'Canadian Cattle Identification Agency'. Below the header, there is a message: 'The list below displays premises for this account.' A table lists the premises with columns: Premises ID, Short Name, CLTS Status, Access Level, Validation Status, and Validation Date. One entry is shown: AA028HWC9, Home Quarter, Active, Public, Valid, 14-Dec-2012 09:56 MST. An 'Add Premises' button is located at the bottom right of the table.

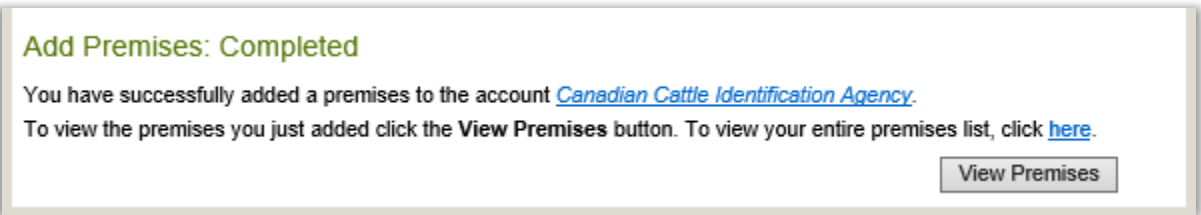

Premises ID	Short Name	CLTS Status	Access Level	Validation Status	Validation Date
AA028HWC9	Home Quarter	Active	Public	Valid	14-Dec-2012 09:56 MST

**Add Premises Screen:**

The screenshot shows the 'Add Premises: Select Location Information' screen. The navigation menu is the same as in the previous screenshot. The main menu tabs are also the same. The current view is 'Add Premises: Select Location Information' for the account 'Canadian Cattle Identification Agency'. Below the header, there is a section titled 'Select Premises Type'. It contains two dropdown menus: 'Premises Type: \* Stationary Location' and 'Province: \* -- Select --'.

**Add Premises Confirmation Screen:**

The screenshot shows the 'Add Premises: Completed' confirmation screen. The message reads: 'You have successfully added a premises to the account [Canadian Cattle Identification Agency](#). To view the premises you just added click the **View Premises** button. To view your entire premises list, click [here](#).' A 'View Premises' button is located at the bottom right of the screen.
