2. Add a screenshot function:

Users will be able to attach a screenshot with their feedback:

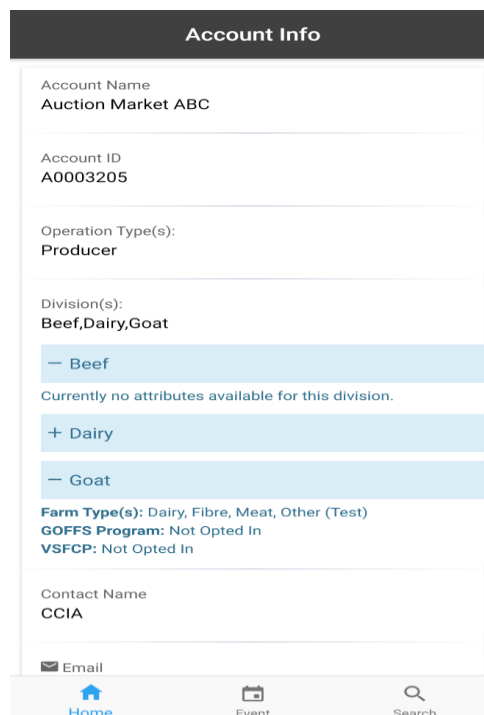

Submit your email, your written feedback and attach any necessary screenshot.

The screenshot shows a mobile app interface for providing feedback. At the top is a dark grey header with a back arrow and the text 'Help Us Improve'. Below this is a form with two main sections. The first section is labeled 'Your Email *' and contains the text 'wgao@canadaid.ca'. The second section is labeled 'Your Message *' and contains the text 'Test'. Below the message field is a blue link with a paperclip icon that says 'Attach a Screenshot'. Underneath this link is a small thumbnail of a screenshot showing a list of items with checkboxes. At the bottom of the form is a large blue button labeled 'SUBMIT'.

3. Add sub-divisions:

Account Info page will now have sub-divisions, which can separate info based on species.

The screenshot shows the 'Account Info' page in a mobile app. The page has a dark grey header with the text 'Account Info'. Below the header is a white form with several sections. The first section is 'Account Name' with the value 'Auction Market ABC'. The second section is 'Account ID' with the value 'A0003205'. The third section is 'Operation Type(s):' with the value 'Producer'. The fourth section is 'Division(s):' with the value 'Beef,Dairy,Goat'. Below this are three expandable sections: '- Beef', '+ Dairy', and '- Goat'. The '+ Dairy' section is currently expanded, showing the text 'Currently no attributes available for this division.' Below these are 'Farm Type(s): Dairy, Fibre, Meat, Other (Test)', 'GOFPS Program: Not Opted In', and 'VSFCP: Not Opted In'. The final section is 'Contact Name' with the value 'CCIA'. At the bottom of the form is an 'Email' field with an envelope icon. At the very bottom of the screen is a navigation bar with three icons: a home icon labeled 'Home', a calendar icon labeled 'Event', and a magnifying glass icon labeled 'Search'.

4. Reminder to Update the app:

An *Update App* feature has been introduced within the app. This option is under More tab. If an update is available, a small red circle will appear on More tab and on Update App option. When users click on Update App, it will take them to the Google Play/Appstore page and prompt them to upgrade to the newest version of the app.
